# A LEGENDARY NIGHT

---

## WORLD AUTISM AWARENESS DAY APRIL 2, SONY CENTRE

In collaboration with the Economic Club of Canada, Jake's House is hosting A Legendary Night on April 2nd at Toronto's Sony Centre. Bringing together individuals with autism, existing supporters and potential new advocates, this special World Autism Awareness Day event aims to inform and connect.

This evening will begin with discussions on the current Canadian autism landscape, led by the Economic Club of Canada and featuring several prominent figures. Following this, the event aims to unite the community through one inspiring voice: that of Supertramp's Roger Hodgson, legendary sing-songwriter. Roger Hodgson, accompanied by his eight-piece band and a 39-member orchestra, will perform live the hit song Give a Little Bit and several other fan favourites.

### Connecting the Community

In the spirit of connecting those who are able to offer support with those who need it, Jake's House will donate a ticket to a family affected by autism with every \$100 ticket purchased. We look forward celebrating A Legendary Night together as one welcoming family.

---

### GIVE A LITTLE BIT

A Legendary Night will also kick off the Jake's House 2019-2020 campaign, Give a Little Bit, designed to raise awareness, encourage volunteerism and grow our reach of support. All efforts directly support the growth of the Jake's House community events and services. We want the world to know: by giving just a little bit, you can make a legendary difference in the lives of families affected by autism across the country.
